Re: In The Matter of the Application of Customer Acquisition Specialists of America, Inc. For A Certificate to Provide Electric Supply Services within the State Of Delaware (Filed July 17, 2014) - PSC Docket No. 14-0241

Dear Ms. Mastorides,

The Delaware Public Service Commission ("Commission") is in receipt of the amendment (the "Amendment") by Customer Acquisition Specialists of America, Inc. ("Company") to the certification to broker electric supply services in Delaware dated March 26, 2015. Unfortunately, that information was not forwarded to the appropriate Staff members responsible for making that change. I have updated the contact information that was indicated in that letter, however, the original application cover letter did not specify a website for the Company which is the reason it does not contain a hyperlink on the Commission Electric Supplier webpage. If you could supply that information to me I will update the Commission's webpage. Additionally, documentation regarding the d/b/a is required as indicated below.

- Please forward documentation of the Registration of Trade, Business & Fictitious Name Certificates from the Prothonotary's Office of New Castle, Kent and Sussex Counties.
- Additionally, in the letter dated March 26, 2015, it was indicated that the company, since its certification on December 4, 2014, has added additional jurisdictions in which you are conducting business. Please provide the Commission with a statement listing the additional states in which you are serving, as well as the certification number/docket number for the certification.

26 Del. Admin C. § 3001 Rules for Certification and Regulation of Electric Suppliers –
Section 2.1.1.7 Verification

- A principal or officer of the applicant must submit a signed, sworn verification of the information submitted in any supplemental filings in support of this application.

Ms. Jeannie Mastorides
